(+62)81280286652 | dhaniwahyu15w@gmail.com | www.linkedin.com/in/whyrmadhani | Bogor

Summary

Strongly interested in web development and machine learning, with skills in JavaScript, MySQL, and Python. Experienced in building intelligent and responsive applications, and continuously improving technical abilities through real world projects, particularly in applying machine learning to solve practical problems.

Education

Gunadarma University, Depok

Informatics Engineering | *GPA : 3.78/4.00 | 2022 - expected to graduate in 2026*

Experience

Assitant Lab Integrated Laboratory (iLab)

Jul 2025 - Present

- Managed student data for practicum administrative purposes.
- Operating system services on the website praktikum.gunadarma.ac.id

Cohort Machine Learning at Asah Led by Dicoding

Aug 2025 - Jan 2026

- Part of an intensive Machine Learning Cohort program Asah. Learning to build, train, and deploy intelligent systems using real-world data.
- Exploring Python, Scikit-learn, TensorFlow, and data-driven problem solving through hands-on projects and collaboration with peers in the AI community.

Projects

Final Project, Development of News Portal Website

Jan 2025

- Collaborated with a cross-functional team to develop a React.js and Laravel-based news portal with responsive UI and secure API integration.

Research Project, Sentiment Analysis Using Naive Bayes Algorithm

Apr 2025

- Conducted sentiment analysis on text data using the Naive Bayes algorithm.
- Preprocessed data, trained the model, and evaluated its performance using standard classification metrics.

Final Project, Customer Segmentation Using K-Means Clustering

Dec 2025

- Developed a customer segmentation model to support targeted retail marketing initiatives by analyzing customer behavior patterns.
- Processed and transformed customer data, implemented clustering methods to group customers effectively, and assessed segmentation quality to derive actionable marketing insights.

Skills

- **Soft Skills** : Communication, Problem Solving, Time Management, Teamwork, Project Management
- **Languages** : Indonesia, English
- **Hard Skills** : HTML, CSS, Javascript, React, Python, Microsoft Office (Word, Excel,Powerpoint), Google Workspace, Canva, Figma.
